TECH SKILLS

- Programming (Java, JavaScript, Dart, HTML, CSS, SQL, C#, PHP, Python)
- Operating Systems (Windows, Linux, macOS)
- Cloud Computing (Google Cloud)
- Frameworks (Node.js, Flutter, Spring Boot, FastAPI, NextJS, React)

SOFT SKILLS

- Communication
- Problem solving
- Quick learner
- Creative
- Work ethic

PERSONAL PROJECTS

- **Phrase Blitz (2023)**
  Developed a mobile word-guessing game using Dart and Flutter, available on Android and iOS. Gained hands-on experience in coding, debugging, testing, and app design.
- **Personal Website (2025)**
  Designed and developed a personal portfolio website to showcase technical skills, projects, and professional achievements. Utilized modern web technologies, including HTML, CSS, JavaScript, React, and NextJS to create a responsive and visually appealing interface.

REFERENCES

Available upon request.

PROFILE

Motivated software developer with a passion for building user-friendly solutions and solving complex problems. Skilled in teamwork, project management, and leveraging diverse programming tools. Actively seeking opportunities to contribute to innovative software development projects across various domains.

EXPERIENCE

MAY 2024 – AUG 2024

Department of Agriculture • Premises Identification Student

Over the summer of 2024, I worked at the Department of Agriculture for the province of Prince Edward Island. My role was to help update their database information of agricultural land (premises), with the farmers latest, contact information, livestock count, etc.

SEPT 2019 – SEPT 2023

Dow's Mattress Gallery+ • Manager

Was responsible for multiple managerial tasks such as creating employee schedules, organizing store deliveries, running sales and advertising campaigns, and customer service management.

EDUCATION

SEPT 2023 – PRESENT

Holland College • Computer Information Systems

Currently gaining in-depth knowledge and hands-on experience in programming languages, including Java, C#, PHP, HTML, CSS, JavaScript, and MySQL.

Coursework emphasizes practical application in areas such as software development, database management, networking, and cybersecurity. Engaged in building projects that apply frameworks like Spring Boot and .NET.

Developing a strong foundation in operating systems, data structures, and IT security practices. Actively applying knowledge through team projects and individual assignments to solve real-world problems.

SEPT 2020 – APRIL 2022

Holland College • Business Administration

Learned and gained experience in multiple business-related fields such as marketing, human resources, accounting, business law, etc. Participated in on-job-training to gain real work force experience.
